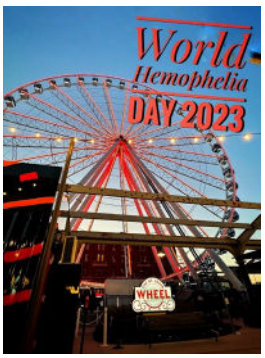
**Mission Statement**
Gateway Hemophilia Association is a non-profit, community-based organization, dedicated to the advocacy, education and support of families affected by bleeding disorders.

Greetings Friends,

We are thankful for the financial and volunteer support in 2024. GHA provided resources and educational opportunities to the community on the most relevant and effective resources for bleeding disorders. GHA was fortunate to have 140 volunteers serving over 2,200 volunteer hours to assist our mission. Some highlights are listed below.

GHA offered 27 various programs over 51 days. GHA led the All Copays Count Coalition in Missouri, seeking bi-partisan support. We also supported federal legislation supporting access to care for those with bleeding disorders. We held five fundraisers, six general educational programs, four targeted programs, three membership meetings, and 6 training courses over 18 days.

The photos below were taken on April 17, World Hemophilia Day. The St. Louis Wheel and the St. Louis Planetarium were lit up in red to bring awareness and a vision where all people with inherited bleeding disorders have access to care.



GHA members and staff advocated both on a state and federal level. Members brought awareness to our elected members of the harmful effects of accumulator adjustors.

Gateway Hemophilia Association's 15th Annual Walk and 5K was held in July! The money raised at the event was used to assist the overall mission to find better treatments and cures for bleeding disorders and to prevent the complications of these disorders through education, awareness, advocacy and research.

Unite for Bleeding Disorders

**Camp Notaclotamongus** theme was Time Travels. Campers had the opportunity to further their knowledge of bleeding disorders, developed skills to care for their bleeding disorders and had fun! They reconnect with friends and participate in a variety of traditional camp activities.

There are several ways to get involved. You can attend our many educational programs, volunteer at our events, or give back through donations, many companies have matching contributions. Our women, men and teen groups provide opportunities to make connections with others who are also navigating life with a bleeding disorder.

GHA is a community of sharing, whether it's providing help when you or your bleeding disorder's family is in need, or you are helping others in need. GHA is here to serve you; this is a community organization. We hope you will build a strong bond among those coping with a bleeding disorder.
